It's like a story has been woven seamlessly in Sanjiv Sanyals land of seven rivers ! Though jarring at times , with certain clichés ,and some unbelievable change of events , but it worked for me on a overall level. Wish you good fortune in the wars to come! 0 of 0 people found the following review helpful. Bahubali of all books By Sudharshan C. Great writing. Make you feel on the edge of your

seat. What Raamouli has done to Indian Cinema, Vineet has done thru this book. Excellently presented the connection between past and present.
