Review "MindTap's greatest strengths are the progress tracking and the ability to add [your own] materials that are gradable." "I'm convinced that the higher course ratings and grades were, in large part, a result of students' engagement. It was an unmitigated success." "Almost across the board, students using MindTap improved on the main learning objectives of the class ...I've never seen any results like this." "MindTap was very useful - it was easy to follow and everything was right there." "I'm definitely more engaged because of MindTap." About the Author Dr. Irvin B. Tucker has more than 30 years of experience teaching introductory economics at the University of North Carolina Charlotte. He earned his BS in economics at North Carolina State University and his MA and PhD in economics from the University of South Carolina. He is a long-time member of the National Council on Economic Education. Dr. Tucker has served as executive director of the S.C. Council of Education and director of the Center for Economic Education at the University of North Carolina at Charlotte. He is recognized for his ability to relate basic principles to economic issues and public policy. His work has received national recognition with awards from the Meritorious Levy Award for Excellence in Private Enterprise Education, the Federation of Independent Business Award for Postsecondary

Educator of the Year in Entrepreneurship and Economic Education, and the Freedom Foundation's George Washington Medal for Excellence in Economic Education. In addition, Dr. Tucker's research has been published in numerous professional journal articles on a wide range of topics, including industrial organization, entrepreneurship, and economics of education. Dr. Tucker is also the author of the highly successful SURVEY OF ECONOMICS, 9E and ECONOMICS AND FINANCE.
