London is a lot more useful than I anticipated. She gets me what I need like a pro. With her by my side, I feel like I can do anything. My need for revenge is dimmed. My anger is contained. But her brother is still a problem. She wants me to let him go. I'm not sure if I can.

I felt as though I was invisible beside the characters. This book will take you away to a castle in Scotland and a love that knows no equal. I'm sorry it's over, but trust me, I will read the series again! I sure hope there is a sequel though?! 0 of 0 people found the following review helpful. The Scotch Royals... By Terri Readalots This is the third and final book in the series. An awesome read with characters that touch all emotions. Sexy, intense and serious WTF moments. Love love loved the dialogue between the characters. The epilogue was like icing on the cake. A new author for me to follow. 0 of 0 people found the following review helpful. Forgiving By Sunshine Forgiving is good for your soul. This book will teach readers just how much. I kinda wish there was book 4, but a must read, especially after reading book one and two in this series. Love Penelope Sky, she is a romantic writer. See all 181 customer reviews...
