

Read Fire In His Embrace: A Post-Apocalyptic Dragon Romance (Fireblood Dragon Book 3) By Ruby Dixon

There's only one way to tame a dragon. Emma Arroyo knows this. She also knows that the big golden dragon captured by her brother's biker gang is in trouble, and it's all her fault. He followed her scent, and now his life is in danger. She has to fix this, somehow. If she could talk to the dragon, they could form a plan to escape, both of them. But the dragon's mind is wild and full of uncontrollable, killing rage. There's no reasoning with him. There's certainly no freeing him, not when he's like this. But Emma can't leave without him. There's only one way to solve this problem - a mating. When Emma approaches Zohr to claim him as hers, she realizes just what it means to be a dragon's mate, and how much she's in over her head... And she learns how fiercely possessive a drakoni male can be.

I wasn't sure if this series would measure up. It's awesome. Her characters are so realistic. The females in particular are always like women you would want as your own friends. They aren't perfect or fake or flat. And I love the dragons. They're just as I would imagine beings thrust into a new reality to be;

confused, primal, a little lonely. Real. The post apocalyptic world has not interested me much because it's typically so very dark. Nowadays it seems darkness is very real. But I find these books to be oddly hopeful in ways. I've enjoyed this one the most of this series. 0 of 0 people found the following review helpful. Amazing Story of Zohr & Emma - You'll fall in love with them as a couple! By Princess1013 I loved Zohr & Emma's story! These books have become an addiction and to know I'll have to wait a little longer for Amy's tale is disappointing...but gives me something to look forward to! This author has a sweet way of showing us the vulnerable parts of these characters and we got to learn why Emma's a bit distant through book 2. Can't wait for Book 4 and Azar's book & see how she gives us perspective on why he is the way he is & the case with the Salorians! 0 of 0 people found the following review helpful. Stars it was good By Mrs.SherC Another great addition to the series. I'm liking the direction these dragon books are taking. Emma had a spice and fire that I liked a lot, I just hated her sexual insecurity however given how old she was when the rift happened it made total sense. I loved Zohr he was a sweetie hope he gets those wings all the way together again. I can't wait and I hope the ladies and their men team up or just hang out again.
