For fans of The Hunger Games and Divergent comes a story like no other... A toxic river divides nineteen-year-old Violet Bates's world by gender. Women rule the East. Men rule the West. Welcome to the lands of Matrus and Patrus. Ever since the disappearance of her beloved younger brother, Violet's life has been consumed by an anger she struggles to control. Already a prisoner to her own nation, now she has been sentenced to death for her crimes. But one decision could save her life. To enter the kingdom of Patrus, where men rule and women submit. Everything about the patriarchy is dangerous for a rebellious girl like Violet. She cannot break the rules if she wishes to stay alive. But abiding by rules has never been her strong suit, and when she is thrust into more danger than she could have ever predicted, Violet is forced to sacrifice many things in the forbidden kingdom ... including forbidden love. In a world divided by gender, only the strongest survive...

Over 14,850 worldwide 5-star reviews of the series

What Early Readers are Saying: "Bella takes this genre to a new level. Imagine the intrigue of Divergent, the suspense of The Maze Runner and the heart-pounding excitement of The Hunger Games. That is the magic Bella is working with her new novel The Gender Game." "The next BIG THING. Unique and brilliant." "The perfect mix of adventure, mystery, thrill, blossoming love and heartbreak. READ THIS ASAP! You will not regret it." "You can never predict where Bella Forrest will take a story!" "Intrigue, danger and mystery at every corner." "Once I started reading, I knew I wouldn't be able to stop. My heart raced along with Violet's [...] The twists and turns so far in this book have left my mouth hanging agape." "Intrigue, espionage, and a strong, smart female at the center of it all. Had me sucked in from the get go." If you enjoy Suzanne Collins or Veronica Roth, this will be a ride you won't want to miss. Review What Amazon reviewers are saying: "The story is really creative and easy to follow. I find the main character, Violet, to be complex and layered, which is expected of a protagonist written to shake up the seemingly "perfect" society she is brought up in. I found so many unexpected twists in her journey, and my jaw was on the floor at the end." "I love Utopian books! This one grabs you and pulls you into it's intriguing world." "This book kept me enraptured the whole way through. There were so many twists and turns and moments that made me smile and everything in between." "A very good start to a series, sucked me right in. Love the character's developing relationships. Interesting worlds. Very highly recommend if you liked Divergent or The Hunger Games at all." "I finished the first book in a span of a little under 4 hours. I tried repeatedly to put it down but nothing seemed more important than immersing myself into the gender game! I ONLY recommend this book if you want to get lost in another world, if you want to keep sitting on the edge of your seat, and if you have the time to get sucked in!" "Not only does this book have a great story line but it reads nicely! The characters are relateable and within the pages of this story lies heroes and villains you can't stop yourself from rooting for." "As a fan of the Hunger Games and Divergent, this was just what I was looking for!!" "Great characters with a fun story line! Kept me entertained the whole time." "I was just looking for something to read. The next thing I knew I couldn't put it down! I loved it and I can't wait to read the second book!" "This story is fast paced and immediately addictive. I can't wait to start the next book in this amazing series!" "Makes you want to read more. Surprises and action. Intriguing and mysterious. All recipes for a good book. I'm ready for more." "One of the best books I have read in a long time." "Everything about this book has me sitting here tabulating whether or not I have enough money in my account for the rest of the series. I've never heard of this author before this book, but now she's up there in my favorites!" "I enjoyed learning about the two societies from Violet's perspective and that ending?! Oh my goodness! It's killer. If you enjoy dystopian, I highly recommend you grab a copy." "Lots of secrets, lies, and cover-ups. Cannot wait for the next installment to see how things play out." "Full of laughs, suspense, difficult problems--emotional, physical, psychological--that are handled in a satisfying way and yet full of surprises and new problems. It rides like the best carnival rides!" "Adventure, danger, sorrow, excitement, a little romance...every angle of emotion covered." "Amazing adventure of deceit, mystery, gender division and sparks of romance." Customer Reviews Most helpful customer reviews 390 of 420 people found the following review helpful. A step backward in Gender discussions and Sci-fi - skip it. By Stephen Kirby The books is really a two star, but I have to offset the crazy rating this books has - 4.5 as of Apr 2017. The good: Easy read, well edited, the story had good pacing, decent plot devices that carry the arc, the basic idea is interesting - male v. female values. The bad: Three characters. All the cardboard stereotypes. The political ideas and cultural ideas are extremely simplistic. Summary: Men rule half the world, and are precise and heartless and focus on computers and physical science stuff. Women rules the other half, are sensitive (they don't kill people) and focus on the bio sciences. Three people end up meeting and all want to change the status quo. Intellectual dude, strong naive heroine, dark brooding dude. No discussion of sexuality .. except as 'confusing feelings'. no discussion of the people who support the status quo in any sympathetic way. No deep discussion of masculine vs. feminine. The two cultures are cartoonish in their simplicity. To me the book is a huge step backward in the discussion - it simplifies a really interesting topic. Left Hand of Darkness tackles the issues in a much more powerful way as an example. I would suggest more research on the topic since the reality of mariarchy is way more complicated - look at the Masou or the Nagovisi ... maybe start with actual martiarchies and build from there. 144 of 160 people found the following review helpful. Forrest aims and misses By Ashley If you can get over the ridiculous title to crack open Bella Forrest's dystopian fiction, then you'll find that it is strangely addictive. However, the addiction quality doesn't come from real interest in the story, as it reads as poorly planned and filled to the brim with mcguffins, but rather the same sensation you would get if watching two trains collide.

Violet starts out as a likeable enough character, strong willed, independent, self-sufficient, and tragic, but quickly spirals into a giddy schoolgirl when introduced to Viggo Mortensen's Lord of the rings knockoff...Viggo. No, I'm not kidding. Violet frequently describes Viggo's rippling muscles, inhuman strength, and serious but steely gazes. It's almost like an erotic fanfiction, minus the sex and plus the Mary Sue-ness. The character of Lee is also pretty erratic. He starts off as friendly and feminist, and he veers back and forth with that quite a bit, as if he isn't sure himself how he thinks women should be treated. He could've tried harder to win over violet's affection, and ends up reading as a boring asexual person with anger issues. The events that happen seem to exist for the purpose of making Viggo appear sexier to Violet and making Lee appear as more of a jerk. The genders in both cities are degraded into general platitudes with no individuality allowed, which isn't really something the cities ban. The idea was interesting, but the plot and characters were not. I'd like it better if: Violet and Lee were each more likeable (the twist would be more surprising then) Viggo wasn't so two dimensional. Spoiler alert! It's super convenient that Lee leaves photos of his deeds and a detailed letter about what he did for violet to find. Deus ex machina much? So cheesy! 0 of 0 people found the following review helpful. Entrapping By Gin I really enjoyed this book. I have a hard time finding books that I want to stick with after the first chapter but this one was interesting from beginning to end. It kept you curious and even when you thought you knew what was about to happen you would be surprised with something else. I can't wait to read the rest of the series and figure everything out with Violet. Would definitely recommend to anyone who likes books such as The Hunger Games, The Giver or Divergent.
