

# Read Someone to Call My Own (Road to Blissville, #2) By Aimee Nicole Walker

**GET ACCESS NOW!**

Psychic Emory Jackson and former black ops specialist Jonathon Silver are men from two completely different worlds with one thing in common: heartbreak. Emory still mourns the loss of his husband five years prior, and Jon is reeling with grief from the recent death of his twin brother. Sparks fly when mutual friends introduce them, but it's so much more than basic attraction. There's an undeniable awareness and a sense of belonging that neither man can deny. Despite Emory's premonition of a future with Jon, he has vowed never to love again. Jon is convinced that his tainted soul is the reason he will never have someone to call his own. What if they're both wrong? Maybe these broken men with their jagged edges could somehow align perfectly to form something whole and beautiful. But will that realization come too late for them? Someone to Call My Own is the second book in the Road to Blissville series. These books can be read as standalone or as part of the series. The author first introduced these characters in the Curl Up and Dye Mysteries, but it isn't necessary to read that series first. This book contains sexually explicit material and is intended for adults 18 and older.

Love in a pure form By Nawteeone Someone to Call My Own, Book 2 in the Road to Blissville Series, artfully highlights Aimee Nicole Walker's incredible talent as an author. The Road to Blissville Series is a spin-off from her Curl Up and Dye Series. She can break you down with the angst, the heartache of Emory's devastating loss and Jon's loneliness. But her immense talent will lovingly build you back up with this deliciously interwoven tale of how two damaged souls find not only a hard-fought acceptance but also an enduring love with each other. The explosive chemistry that Em & Jon struggle with and have to carefully navigate through is an amazing journey to this reader's soul. I cannot possibly recommend Ms. Walker's unique and wonderfully talented way with words, enough. She knows how to develop a character and bring about a depth of richness to each story of hers that I've read. I've been so incredibly fortunate too have found her and she is an instant 1-click author for me. Check out the first book in this series, Unscripted Love. It happens in parallel time to the Unscripted Love story. 0 of 0 people found the following review helpful. 5 stars By Karen Lane Yep, Aimee does it again, I'm so glad we finally get to read Emory and John's story. We get lots of hints in previous books, but this book filled in all the blanks plus a heap more. Their build up was slow, but sweet, and worth it. A few minor hiccups on the way, and a speed bump called Alexander, I'm not sure about that part of the story, it was cut off so quickly with no explanation, so will we see more of it later down the track? I'm also very curious where the author is going next. There is a multitude of ways to go. Do we get Milo, Memphis, Andy, Beau or Corbin... hmm. 0 of 0 people found the following review helpful. ... it would be explosive and I am so darn glad to say that I was not wrong By temberley waters I knew that as soon as Aimee started the Story of Someone To Call My Own it would be explosive and I am so darn glad to say that I was not wrong! Emory and Jonathon are two lost souls that find love is not easy and they both go into it kicking and screaming like their very lives depend on it! This is the second book in the Road to Blissville Series and it is just as powerfully impacting as Unscripted Love, the first in this series. If you haven't read it yet then you really should because it is just that good! See all 80 customer reviews...
