

# Read Ebook [PDF] The Longest Rodeo: A Second Chance Romance By Rye Hart

Yes sugar - we're going all the way. I was forced to leave Austin. And my sweet Caroline brought me back. I broke her heart once, but I've come back to claim what's mine: Her V-Card. NOW A TOP 50 AMAZON BESTSELLER! She's every man's wet dream. A perfect blend of sex and southern innocence. How can I forget that night on the Ferris wheel? She had her first real 'O'. And I've got plenty more in store. I let her go once -- I won't make that mistake again. So hold tight darling - we're going on a ride.

Review "Hot enough to steam up my glasses" "Heartbreak, suspense, a family secret, steam rising from the pages, chemistry, prejudice, hot scenes, true love." "The chemistry between Dean and Caroline was so hot that the pages were steaming." "It was captivating, emotional, had off the charts chemistry, and basically everything that you'd expect from this author plus more!!" "This story will tug at your heart." "An epic Romeo and Juliet novel that will definitely have you in tears by the end." "Most towns have their own "railroad tracks" and those on the "right side" would never cross to the "wrong side". For one summer, Caroline and Dean ignore those "tracks" and fall in love." "I have a new appreciation for Ferris wheels." "Sex = 5/5" "This book definitely has something for everyone, whether that is hot sexual chemistry, great sex scenes, an emotional connection, or just the right amount of bumps in the road." -Actual reviews from Amazon Readers

and diabetic younger brother. Dean has found a summer job working in the stables at the local Country Club. He may scoop it all day but doesn't have to take it from the rich spoiled brats that come to ride. One day when saddling the horses for some snobby girls he meets Caroline. She is different, friendly and caring. They soon start seeing each other to the immense displeasure of her parents. They demand she stop embarrassing them and stay away from "that kind" of boy. With help from her best friend Stephanie they manage to spend time together, sharing their dreams and hopes for the future. Caroline is 18 and plans to attend Yale in the fall, Dean wants to go into construction. With everything against them their love still grows, but fate and prejudices are against them. When a life altering event tears their lives apart, true love is put to the test. Will love endure, or was this just a summer romance. This story will tug at your heart and you feel their pain and sorrows. The roads we travel in life are long with lots of bumps and turns along the way. It is how we handle those obstacles that determine where our journey will end. Rye's storytelling will keep you in suspense until the last page. The story contains hot sex scenes, but they are tastefully done and not over the top. 4 of 4 people found the following review helpful. Second chances all around By Beth I voluntarily reviewed an Advanced Reader Copy of this book. She is from a very well known, well to do family. She is at the country club today for a horse ride. Caroline, despite wealth and status is nothing like her parents, she has a heart, she has feelings, and she has her sights set on the hunky stable boy. He has no father any more, he has a drunk for a mother and a brother he needs to keep out of trouble as well as keep him well. The weight of the world lands on Dean's shoulders daily. He takes whatever job he can to keep money coming in. When she stops and talks to him, it is game over. Caroline and Dean meet on a day that neither expected. Caroline is from a wealthy family, Dean works the stables. They seemed doom from before they even locked eyes. This, however, does not stop the fire between them. Secretly meeting up, or at least for the time being secret. Then Caroline's mother catches on and calls her out. Deciding she has had enough Caroline goes and finds Dean at his house....on a particularly bad day. His mom is drunk and screaming, when Caroline is introduced Dean's mother states something that seems off. A secret? a drunk talk with nothing behind it? Then a big event happens, at the country club. Dean intercedes the event between Caroline and a guy her parents are trying to hook her up with (all part of the status thing) but Dean's brother shows up, there is something even bigger that happens. Dean takes the wrap. Caroline tries to visit him, but Dean sends her away - in his mind doing the right thing by having her forget about him and move on. Now 7 years later, he is free (not only of where he was, but of his mom, his brother and his money situation.) Caroline is free of her parents as well. Although both of them seem to get drawn in somehow at times. Dean and Caroline run into one another, talk about awkward. Dean is back in town due to his brothers medical condition, and this time it is dire. When Caroline finds out she goes to Dean's family house and the secret his mom has been holding on to is exposed. It involves Caroline's dad (and parents,) Caroline, Dean and his family. Then things progress from there. Tests, a gift that is beyond all gifts is freely given, a person leaves, dad and daughter become closer and truly get to know one another. Love blooms, hearts change, feelings are revealed and mended. All of this leads up to Dean and Caroline having their happy ending. 3 of 3 people found the following review helpful. This is in my top 5 books I've read this year! You don't want to miss this Rye Hart book! By luv2read I received an ARC copy of this book, in exchange for my honest review.. What a truly unique first love, second chances story! It's so full of heart wrenching, suspenseful, deepest family secrets, sexy attraction and deep abiding love. I could hardly wait to finish reading each page, just so I could turn to the next page. There's so many details that are important to the overall story, that make's this so very interesting, fun and nerve wracking to read. Dean and Caroline meet at the country club stables, where he works. Caroline's family ( THE Michaelson family) are members of the country club. Of course her parents are against Dean and Caroline even being seen together, much less dating. They choose to sneak off here and there, to be together. Then what should have been a "boys will be boys" altercation sort of, between Dean and Eric ( the Michaelsons preferred suitor), becomes a life altering event for everyone involved. Dean makes a unilateral decision about the entire altercation, that changes everything in his and Caroline's lives. It

won't be Dean's last single minded decision. Though not in his mind. Dean leaves his hometown, but gets pulled back by a single phone call. Dean hates what he must face as a result of that call. Even more than he hates going back home. Caroline has never left Dean's heart or mind, for him at least. He wonders about everything imaginable having to do with Caroline. Every where he looks, Dean thinks he sees Caroline. Much to his chagrin. Every character is essential to this well developed story, and every character is well developed too. Ok, anything else would be a spoiler, in my opinion. It's in my top 5 books I've read this year! You don't want to miss this Rye Hart book! See all 397 customer reviews...
