

Read PDF Fundamentals of Cost Accounting (Irwin Accounting) By William N. Lanen Professor, Shannon Anderson Associate Professor, Michael W Maher

Fundamentals of Cost Accounting provides a direct, realistic, and efficient way to learn cost accounting, integrated with new technology learning tools. Fundamentals is short (approximately 700 pages) making it easy to cover in one semester. The authors have kept the text concise by focusing on the key concepts students need to master. The Decision opening vignettes and Business Application boxes show realistic applications of these concepts throughout. All chapters conclude with a Debrief that links the topics in the chapter to the decision problem faced by the manager in the opening vignette. Comprehensive end-of-chapter material provides students with all the practice they need to fully learn each concept.

About the Author A Professor of Management at the University of California-Davis, Professor Maher

previously taught at the University of Michigan, the University of Chicago, and the University of Washington. He also worked on the audit staff at Arthur Andersen & Co. and was a self-employed financial consultant for small -businesses. He received his BBA from Gonzaga University (which named him Distinguished Alumnus in 1989), and his MBA and Ph.D. from the University of Washington, and earned the CPA from the state of Washington. Professor Maher is president of the Management Accounting Section of the American Accounting Association, and has served on the editorial boards of The Accounting Review, Accounting Horizons, Journal of Management Accounting Research, and Management Accounting. Co-author of two leading textbooks, Principles of Accounting and Managerial Accounting, Maher has co-authored several additional books and monographs, including Internal Controls in U.S. Corporations and Management Incentive Compensation Plans, and published articles in many journals, including Management Accounting, The Journal of Accountancy, The Accounting Review, The Journal of Accounting Research, Financial Executive, and The Wall Street Journal. For his research on internal controls, Maher was awarded the American Accounting Association's Competitive Manuscript Award and the AICPA Notable Contribution to Literature Award. He has also received the award for the Outstanding Tax Manuscript, and from the students at the University of California's Graduate School of Management, he has received the Annual Outstanding Teacher Award three times and a special award for outstanding service twice

Customer Reviews Most helpful customer reviews 3 of 3 people found the following review helpful. Overall it was okay... Rating 3 stars ... By Carrie Rishsew Overall it was okay... Rating 3 stars because it arrived damaged slightly... Also it's ridiculous this book is this expensive and it's not even bound. I only bought this book because it's required. I wasn't about to spend another 50 bucks for binding. 0 of 0 people found the following review helpful. Simplistic examples equals difficult homework. By MyReviews The book's chapters give simplistic examples which makes it difficult to complete the more complicated homework exercises in the book or on an academic website. 2 of 2 people found the following review helpful. The book was mis printed and whole punched in such ... By j.lucy The book was mis printed and whole punched in such a way that it didnt fit into any binder. I had already started class so didnt have time to return, but it was a huge inconvenience and not what I expected for the price I paid. I even tried several binders! See all 206 customer reviews...
