NEW YORK TIMES BESTSELLER • Discover Captain Phasma’s mysterious history in this “Journey to Star Wars: The Last Jedi” novel. One of the most cunning and merciless officers of the First Order, Captain Phasma commands the favor of her superiors, the respect of her peers, and the terror of her enemies. But for all her renown, Phasma remains as virtually unknown as the impassive expression on her gleaming chrome helmet. Now, an adversary is bent on unearthing her mysterious origins—and exposing a secret she guards as zealously and ruthlessly as she serves her masters. Deep inside the Battlecruiser Absolution, a captured Resistance spy endures brutal interrogation at the hands of a crimson-armored stormtrooper—Cardinal. But the information he desires has nothing to do with the Resistance or its covert operations against the First Order. What the mysterious stormtrooper wants is Phasma’s past—and with it whatever long-buried scandal, treachery, or private demons he can wield against the hated rival who threatens his own power and privilege in the ranks of the First Order. His prisoner has what Cardinal so desperately seeks, but she won’t surrender it easily. As she wages a painstaking war of wills with her captor, bargaining for her life in exchange for every precious revelation, the spellbinding chronicle of the inscrutable Phasma unfolds. But this knowledge may prove more than just dangerous once Cardinal possesses it—and once his adversary unleashes the full measure of her fury.

A pretty good novel that delves into the origin story of Captain Phasma of "The Force Awakens" fame. The book is structured in such a way that the reader gets a 3rd-hand account of the events leading up to Phasma's rise to power. It goes deep into her upbringing on the post apocalyptic planet of Parnassos and shows her cunning, Machiavellian tendencies from an early age. The book kept me engaged and I formed solid connections to most of the characters. Ironically, the one character I wish the book provided more insight into was Phasma herself. The structure of the book didn't really allow any understanding of Phasma's internal thought processes which left her still a mystery in the end. 0 of 0 people found the following review helpful. highly recommend By Scott I have read most Star Wars novels since the thrawn trilogy way back when....I always look forward to a new Star Wars novel coming out but most have been hit or miss since Disney has started their own cannonthis however delivers amazingly well....the story of phasma will make you look at her in a total new lighthighly recommend 0 of 0 people found the following review helpful.
