

Reading Book We Own Tonight By Corinne Michaels

Get Access Now!

From New York Times Bestseller, Corinne Michaels, comes a sexy new STANDALONE romance novel. I'm not a one-night stand kind of woman. I'm especially not the woman who has a few drinks at a concert and ends up in bed with my childhood celebrity crush, Eli Walsh. However, that's exactly where I find myself. What's a girl to do after a drunken mistake? Run. I grab my clothes and get away from the powerful, irresistible, and best-sex-of-my-life superstar as fast as I can. His gorgeous green eyes, rock-hard body, and cocky smile have no place in my world. My life is complicated enough. Someone forgot to tell him that. Eli is relentless. Pushing his way into my heart, wearing me down, proving he's nothing like I assumed, and everything I need. But when my world shatters to pieces, he holds the broken bits together. Unwillingly, I fall desperately in love with him. He made me think we'd have forever . . . I should've listened when he said we could only own tonight.

Review "It was not just a book, it was more than that four letter word. It was perfection." -Book Lit Love "We Own Tonight is sweet, sexy goodness. By the end of the book, I felt like I knew the characters personally and had a hard time letting them go." ~ Mia Sheridan - New York Times Bestselling Author "A roller coaster of a romance, We Own Tonight twists, turns, and tears at the heart in a riveting ride of smolder, swoon, and sorrow. This ALL-STAR story of fate and feels is SIMPLY IRRESISTIBLE!" -Bookalicious Babes Blog "Corinne takes us on a true emotional journey with We Own Tonight. This book is heartfelt and unputdownable, it brought out my inner fangirl and

I enjoyed every word." -Inked in Chapters "If you've ever fantasized about a certain member of a certain band falling in love with you, you have to read this book! If you like sweet, sexy, funny, romantic stories, you have to read this book! In short...YOU HAVE TO READ THIS BOOK! Brava, Corinne, you really nailed it with this one...as usual." ~ Jasinda Wilder - New York Times Bestselling Author "A soul defying read! Which I guarantee to steal your ever loving heart! With a blissful mix of humor and that is oh so Corinne! Plus a soulful, yet emotional tug a war storyline that will steal a piece of you!! Leaving you forever changed! "- QueenZany Blog "I never had a crush on a boy band singer, but Eli Walsh has totally converted me! In We Own Tonight, Corinne Michaels masterfully weaves a sensual and emotional story that gave me all the feels. Loved it!" - J. Kenner - NYT Bestselling Author "What an incredible ride! It's real, it's swoony, and it's 100% Corinne Michaels. It has heart and heat from the first page to the last, and I loved it every minute of it!!" - M. Leighton - New York Times Bestselling Author "A story bringing back nostalgia and longing, We Own Tonight plays at your heartstrings with just the right beat. Fall in love with Eli and Heather, so perfect for each other, a match made in heaven. Corinne Michaels delivers in this beautifully written novel!" ~ Anissa Garcia - Bestselling Author "We Own Tonight is a romp for the ages...seriously, if you were ever a young girl with a Walkman and a crush, this book is your dream come true. I got sucked in on page one and didn't want this real-life fairy tale to end." ~ Jessica Hawkins - Bestselling Author

Customer Reviews Most helpful customer reviews 51 of 51 people found the following review helpful. We Own Tonight owned my heart! By DragonflyReads Where do I even begin? We Own Tonight is the book I didn't know I needed in my life. We've got Eli Walsh, musician and actor, who is instantly drawn to Heather when their eyes connect at his concert. We've all been there, swooning over our favorite boy band singer. It's awesome how Corinne spins it though, because our hero and heroine are older. They meet later in life, and their romance is one for the ages! "I was on my way to see someone. But it turns out she came to me." Heather is a Tampa police officer with too much on her plate. She cares for her terminal sister full-time as well as works a thankless job and has no time for romance. Much to her dismay, Eli will stop at nothing to get her back after their one night stand. "Eli makes me forget just how broken I am." Eli is a playboy, plain and simple. He doesn't take life too seriously after being burned one too many times, but when he and Heather get together, he can't get her out of his mind and heart. "Eli breathes life into a heart that was deflated. A heart that never thought it would beat again is once again thumping at a steady pace." It's funny that Corinne initially said We Own Tonight is her "fluffy, romantic comedy." Believe me, it's got so many laughs and amazing banter, but there is so much heart thrown into this book, I didn't even expect it. With Heather dealing with her sister's illness, the pages take an emotional turn and you can't help but grieve for Heather. Without her parents to console her, she turns to her best friends (love a good girl squad) and eventually Eli to ease the pain. "If today could last forever, I'd be happy." Corinne takes us on a true emotional journey with We Own Tonight. I saw someone say that this book ends on a cliffhanger. That's definitely not the case. We get a beautiful HEA for Eli and Heather. This book is heartfelt and unputdownable. This book brought out my inner fangirl and I enjoyed every word. 0 of 0 people found the following review helpful. Cute, hot and at times heartbreaking By Kim U I have been hearing great things about this author's books for quite some time but I hadn't found time to read one yet, so I decided to take the leap when We Own Tonight came out. I love the premise: if you had a chance to have one night with your celebrity crush, would you take it? And if he offers more than one night, then what do you do? I couldn't help but compare Heather and her friends to my own group of high school friends when it comes to NKOTB (yes I am dating myself here!). The boy band is all grown up 20 years later and the singer has turned into an actor too, but walking back on that stage still brings out thousands of screaming fans- including Heather and her girls. They convinced her to come out for one night of fun as a distraction from the stress and responsibilities of her life and she couldn't say no to front row tickets to see Eli perform. A little more alcohol than usual and a heap of encouragement from her bestie Nicole gets Heather a seat on stage with Eli singing to her and an invitation to go backstage after the show. Heather is no longer the carefree girl of her youth,

and she has become a woman who plans and worries about everything. When her parents died unexpectedly, she became the guardian and caretaker for her much younger sister Stephanie who was diagnosed with a terminal illness a few years later. Heather's devotion to her sister cost her financially and emotionally which eventually led to the demise of her marriage 5 years ago. Now she let's some of the shitty things her ex-husband said or did linger in her mind and it is not a good thing. One night stands are not on her radar at all, much less with the guy whose posters were on her wall years ago, so when she has a minute to overthink what she did she hilariously freaks out and does a runner. She just never expects Eli to come looking for her. Eli is not a guy women run away from and he most definitely doesn't chase after them so he is asking himself why he is so consumed with thoughts of this one woman who literally couldn't get away from him fast enough. Maybe it is the thrill of the chase, the fact she doesn't want anything from him like so many do, or maybe it's the sadness he sensed, but he is determined to get her to admit the attraction and chemistry was not all in his head. His persistence eventually wears her down until she agrees to a date but he still faces an uphill battle. Eli just wants a woman who sees the man, not the fame, and he thinks Heather is the one he has been waiting for without realizing it. Heather seems like her issues have issues, but it all comes down to one thing for her. Everyone she has ever cared about has left her in one way or another, and she is scared to let anyone in again. Their journey is at times cute, hot, and heartbreaking, but I never really felt immersed in their relationship or experienced that deep connection that makes a book one I don't want to put down. Perhaps it was because Heather's gloom and doom outlook and woe is me attitude got to be too annoying by halfway through the story despite Eli's straightforward demeanor and her best friend's reality checks. It was still a great story with some of the other plot elements the author introduced along the way, and I really hope Nicole gets her own story one day because that would be must read entertainment to be sure! In the meantime it looks like I will have to give one of the author's other stories a try to see if I can experience the magic others have raved about. 0 of 0 people found the following review helpful. Some things you just can't unsee. By Beach Reader You know how you buy a car that you think is unique and then see that same exact car everywhere after that - this book is just like that. I liked the story but knowing that Corinne Michaels is madly in love with Donnie Wahlberg I couldn't unsee him as the hero. Of course there were many other clues that pointed to this story being written about him. Not the cover shot though, that was not a guy who was supposed to be 42 years old so there was a real disconnect there. The problem with writing a book about someone real, if you don't like that person, then it ruins the whole story. I love love love Corinne Michaels book but this one was only just ok.
