Amazon.com Review In their "Declaration of Independence" the authors and researchers of this

guide swear their allegiance to you, the consumer. "If a restaurant serves bad food, or a gift item is overpriced, or a certain ride isn't worth the wait, we can say so, and in the process we hope to make your visit more fun, efficient, and economical." And because they've found that "spontaneity and self-discovery work about as well at Walt Disney World as they do on your tax return," The Unofficial Guide to Walt Disney World is packed full of essential advice for anyone braving the frontiers of the mother of all theme parks. To help you decide what's most important for you and your family to see, each attraction is described in detail and ranked for different age groups based on interviews with more than 9,000 families. The book also covers when to go, pros and cons of lodging outside "the World," hotel and restaurant ratings, field-tested itineraries, tips and warnings, planning strategies, and how to meet Disney characters. Humorous writing accompanied by cartoonist Tami Knight's satiric insights make this guide fun to read. Parks covered include The Magic Kingdom, Epcot, Disney's Animal Kingdom, The Disney-MGM Studios, Universal Studios Florida, Sea World, area water theme parks, and a section called "Beyond the Parks," which delves into other various Disney offerings like golf (mini and maxi), a speedway, and Discovery Island. --Kathryn True Review "In the Disney world, there is one source of information revered and trusted above all others. (The Unofficial Guide to Walt Disney World)." --Paul Gauder, WDW Family Style. "If you're looking for a reliable guidebook, the leader is the Unofficial series." --The Mail (London) "A Tourist's Best Friend!" --Chicago Sun-Times "Indispensable" --The New York Times "The Unofficial Guide is, without question, one of the best Disney travel guides available." --MouseChat.net Review "A fun and lively read, it's exceptionally useful. It's a small investment for a very beneficial return." —Cynthia M. Allegrezza, Today's Parent of Massachusetts, North Oxford, MA

Fantastic book! Highly recommended to anyone going to DisneyWorld! By LilDevil1828 The Unofficial Guide folks totally get it! I purchased their guide to Disneyland in the past and learned so much amazing info! I actually didn't follow the touring plans and just created my own plan based on their information. It worked like a charm until Disney changed their Fastpass system and took all the fun and efficiency out of my plan. My dad, brother and I planned a trip to DisneyWorld last Christmas and we used this guide to make some of our plans. I also used it to choose restaurants and attractions to visit. I'm certain that the information in this guide saved us time and money. As we were out wandering around the parks, I just kept thinking "if you came here for the first time with zero knowledge of how things work, you'd spend SO much time in line and waste so much time on everything really." There is a ton of info in this book, so much that I didn't have time to read it all before we went, but since we were already familiar with Disney and my dad read a lot of it too, we were good to go! I will definitely buy the new version next time I go...Disney changes things so often that you need the updates! I highly recommend this book to anyone planning a trip to DisneyWorld, especially if you're going for the first time. 0 of 0 people found the following review helpful.

Unofficial Guide Fan By Kindle Customer You must get this book if you are planning a visit to Disney World. I have used The Unofficial Guide to Walt Disney World for each visit over many years, and I have never waited in line for any attraction longer than a half hour even during peak weeks. Follow their touring plans and your vacation will be made of memories of your favorite rides and shows, not how many hours you waited in line. The book is funny and informative and worth the time to read it cover to cover. They didn't pay me to write this, but I did write a review of Mission Space that they published (I'm the Woman from Lisbon, CT). Bob Sehlinger, I'm ready to be your senior on the ground at Disney if you need me! 1 of 1 people found the following review helpful. It could have easily saved me \$700 plus By Deven I wouldn't go to "Disney World" without this book. Having said that, I didn't read all of it until half way through the vacation. It could have easily saved me \$700 plus. The tips on Fast Pass and planning each day were very helpful. Only once during a 9 day stay did we wait in line for more than 30 minutes. Most of the time we waited less than 10 minutes. See all 1112 customer reviews...
