I was sad that this was the last book of the series By Monike Ribeiro I was sad that this was the last book of the series, however, the author wrapped everything up in a neat little bow and I know there's a spin off which I can't wait to read! This is one of the few post-apocalyptic books I've read and by far the best. 0 of 0 people found the following review helpful. It Is Finished..... By Phyllis Pickens What an emotional read !!! There were many trials and tribulations to overcome, some with happy endings and some not. In the end , sacrifices were made, changes were instituted, and the Gender divide ceased. 0 of 0 people found the following review helpful. This book was the greatest of the series By Bonita M. Sampson But to tell the truth all of them were awesome but this one had me talking out loud to the characters and feeling like I was there. I loved the Gender Game series, I'm enjoying all of the different books you've written, I do multitask reading. Thank you See all 182 customer reviews...
