About the Author Carolyn Brown lives in southern Oklahoma with her husband, three grown children, and enough grandchildren to keep her young. When she's not scrambling to meet writing deadlines, she enjoys walking through her husband's flower gardens. Her novel Love Drunk Cowboy is a New York Times and USA Today bestseller, Getting Lucky was a Romance Studio CAPA nominee, and The Ladies' Room was a RITA Finalist.

great guy that many women would miss out on Because of his guirkiness. The story progressed nicely and the characters were well developed. Definitely Italy a good read. I don't like giving away the story, but I can say it is much more than love and romance. It is about learning to come into your own, growing, dealing g with hurt, loss and pain. And it is about love. 359 of 374 people found the following review helpful. Another great book from Carolyn Brown By E. Swain I'm a big fan of Carolyn Brown - and this book is another example of why I love her work. A bit of gossip overheard in the ladies' room during a funeral sparks Trudy into leaving her cheating husband. After twenty years of spoiling and pampering her husband and daughter, Trudy finally gets to think about herself for a change. As she spreads her wings and begins to fly she finds treasures in the house full of "junk" her great aunt left her and in the man next door. Billy Lee Tucker is just what Trudy needs, even if it takes her a while to realize it. Trudy's revenge on the cheating husband is priceless, and I'll remember it every time I see a can of sardines. Her struggles to maintain a relationship with her mother as Alzheimer's steals more memories are both heartbreaking and heartwarming. Trudy's interactions with her daughter, her gossipy cousins and everyone in town who feels free to offer unwanted advice on how to save her marriage were spot on. If you are not a Carolyn Brown fan when you pick this book up, you will be when you finish it. 0 of 0 people found the following review helpful. Hilarious and I love it. By Alice Yanes This is my first time reading works by Carolyn Brown and I am hooked. The ladies room initially caused a lot of pain. Out of that pain came a closer mother/daughter relationship, a better relationship with our heroine's cousins and a lasting love in the form of our hero that seems to have far surpassed her past marriage. This was an excellent book and I am glad to have had the opportunity to read and savor it. See all 8900 customer reviews...
