Read Wild For You By J.C. Reed

From New York Times bestseller, J.C. Reed, comes a sexy new STANDALONE romance novel. It was supposed to be easy. Move to Montana and accept a job as the live-in physical therapist of a famous bull rider. But when I arrive, my new patient isn't what I expected at all. Cash Boyd isn't just sinfully sexy, he's also rude, arrogant, and probably the most stubborn man I've ever met. He claims he doesn't need my help and tries to pay me off to leave. But I'm not one to give up even though the sexy cowboy is a pain in the ass. A few months...that's as long as it should take to do my job. The rules are pretty simple. All I have to do is stay professional even though everything about Cash Boyd is scorching hot. And he doesn't make a secret out of the fact that he wants me where I can never end up...in his bed. I'm determined to keep my distance. But what if my patient has other plans for us? Author's Note: WILD FOR YOU is a full-length, standalone novel with HEA! If you want to spend a little time away from reality, grab this one up!

Another great love story by J.C.Reed By C. Benson When Cash Boyd an injured bull rider and Erin Stone a physical therapist meet for the first time, sparks fly. He doesn't want her help and she won't give up as several therapist in the past have been paid off by Cash to leave him alone. He tries his best to get rid of her but she won't back down. They have an strong attraction to each other but she can't get involved with him while she's his therapist. She keeps trying to find a way to help him want to get better. The sex is hot and so is Cash. There was moment I didn't see coming but it was a good one. Check this standalone out. You will enjoy it. See all 92 customer reviews...
